

INFORMATION FOR PARTICIPANTS

Established in 2013 by Dr. Elizabeth Woo Li, **Sinological Development Charitable Foundation Limited (SDCF)** is a non-profit organization registered in Hong Kong. Our main aim is to help scholars around the world to further understand Chinese culture by offering relevant programs that will encourage them to integrate Chinese Studies into their own teaching and research.

Our **Greater China Summer Workshop Program in Chinese Studies** aims at introducing Chinese studies to international scholars and key opinion leaders who are in other disciplines. **All instruction is conducted in English and a minimum standard is required for participation.**

WAYS OF PARTICIPATION

NON-SPONSORED PARTICIPATION

- Suggested donation for Hong Kong, Beijing, or Dunhuang: **1,000 HKD per location per day**
- Suggested donation for full participation: **30,000 HKD**

**Other expenses (room and board, travel, etc.) are not included and should be managed by participants themselves*

SPONSORED PARTICIPATION

SDCF will support a **limited number** of **sponsored** participants in the program. Sponsored participants are expected to integrate learning results into their teaching curriculum and research. Travel to Hong Kong at the beginning of the program and from Dunhuang at the end of the program needs to be arranged by the participants and is at their own expense. **Tuition, room, half board, and travel within Greater China** (Hong Kong-Beijing-Dunhuang) **are covered by SDCF.**

CONTRACTUAL AGREEMENT

Sponsored participants are required to sign an agreement as a prerequisite for admission. Full participation in all lectures, seminars, and activities and the completion of a small-scale research project on a topic related to the program contents are expected. A payback scale will be included in the final agreement for participants who may not finish the 30-day program or participate in the activities and projects stipulated. All sponsored participants are to declare all illnesses, both physical and psychological, on the application form, and medical records or letters from doctors should be included with the application, where necessary.

HONG KONG – The Classics and Neo-Confucianism

The program will commence in Hong Kong, the city with the largest number of English speaking scholars in Chinese Studies. *The Book of Changes* 《易經》, *The Four Books* 《四書》, other important Pre-Qin modes of thought, and Neo-Confucianism will be introduced. The Hong Kong session will take place at Chung Chi College of The Chinese University of Hong Kong, a key partner to the program.

MACAU – Study Visit to UMAC

Thanks to its Portuguese heritage, Macau acts as a strategic bridge between Greater China and Portuguese-speaking countries in the world. The program includes a study visit to University of Macau, where participants will attend a lecture delivered by a member of the Faculty of Arts and Humanities. After the lecture, participants will be given free time to explore Macau's unique blend of Chinese and European architecture.

BEIJING – Contemporary Confucianism and Daoist Philosophy and Practice

The second part of the program will take place in Beijing, where lectures at Peking University will focus on Daoist Philosophy and Contemporary Confucianism. In Beijing, participants will also be introduced to meditation and self-cultivation techniques of the Daoist tradition through a practical workshop.

DUNHUANG – Buddhism and Dunhuang Heritage

We decided to add Dunhuang as a new program location after the success of "Dunhuang: Meeting Point of Cultural Exchange Along the Silk Road", the CATL and SDCF joint invited session at the XXIV World Congress of Philosophy in Beijing (15th August 2018). In Dunhuang, participants will attend several lectures about Chinese Buddhism and explore the role of Dunhuang as a major centre of Sino-foreign contacts through a series of talks by Chinese and international Dunhuang specialists, as well as a visit to the Mogao Caves.

MISSION AND GOAL

In the 21st century the enhanced understanding of China and its culture has become an increasingly significant pursuit for academics and key opinion leaders. Through its summer program, SDCF aims to further worldwide awareness and knowledge of Chinese culture and civilization and to enhance the role of Greater China as a major platform for the global promotion of Sinology.

The program is mainly intended as a stepping stone for scholars in other disciplines to start conducting research in Chinese Studies or, more broadly, integrate aspects of Chinese culture within their teaching and research. Those already within the field will also benefit greatly from the program, as it can provide them with the opportunity to deepen their knowledge of specific aspects of their broad field of study (e.g. Chinese thought and philosophy, Sino-foreign contacts in pre-modern times, Dunhuang heritage, etc.)
